The touch that defines a space.

TOTTE HANDLES · FORM · FUNCTION · FINISH

About TOTTE

TOTTE was born from the belief that the smallest details carry the greatest weight. A handle is the first and last thing you touch in any space – a moment of connection between the person and the place. We design for that moment.

Each piece in the TOTTE collection is crafted with intention. Clean geometry, considered proportion, and materials chosen for how they feel as much as how they look. Nothing superfluous. Nothing overlooked.

HANDLES

Collection 01

Knob Series

Solid. Sculptural. Resolved. The TOTTE Knob Series is a study in compact form — each piece designed to sit comfortably in the hand while holding its own against any interior.

Available in Brushed Gold, Matte Black, and Antique Bronze.

KN01 Volta · KN02 Calla · KN03 Demi · KN04 Solen · KN05 Arlo · KN06 Palo

Material

Solid Brass

Fixing

M4 threaded stud · fixings included

Finishes

Brushed Gold | Antique Bronze | Matte Black

Warranty

5-year finish warranty · Lifetime structural warranty

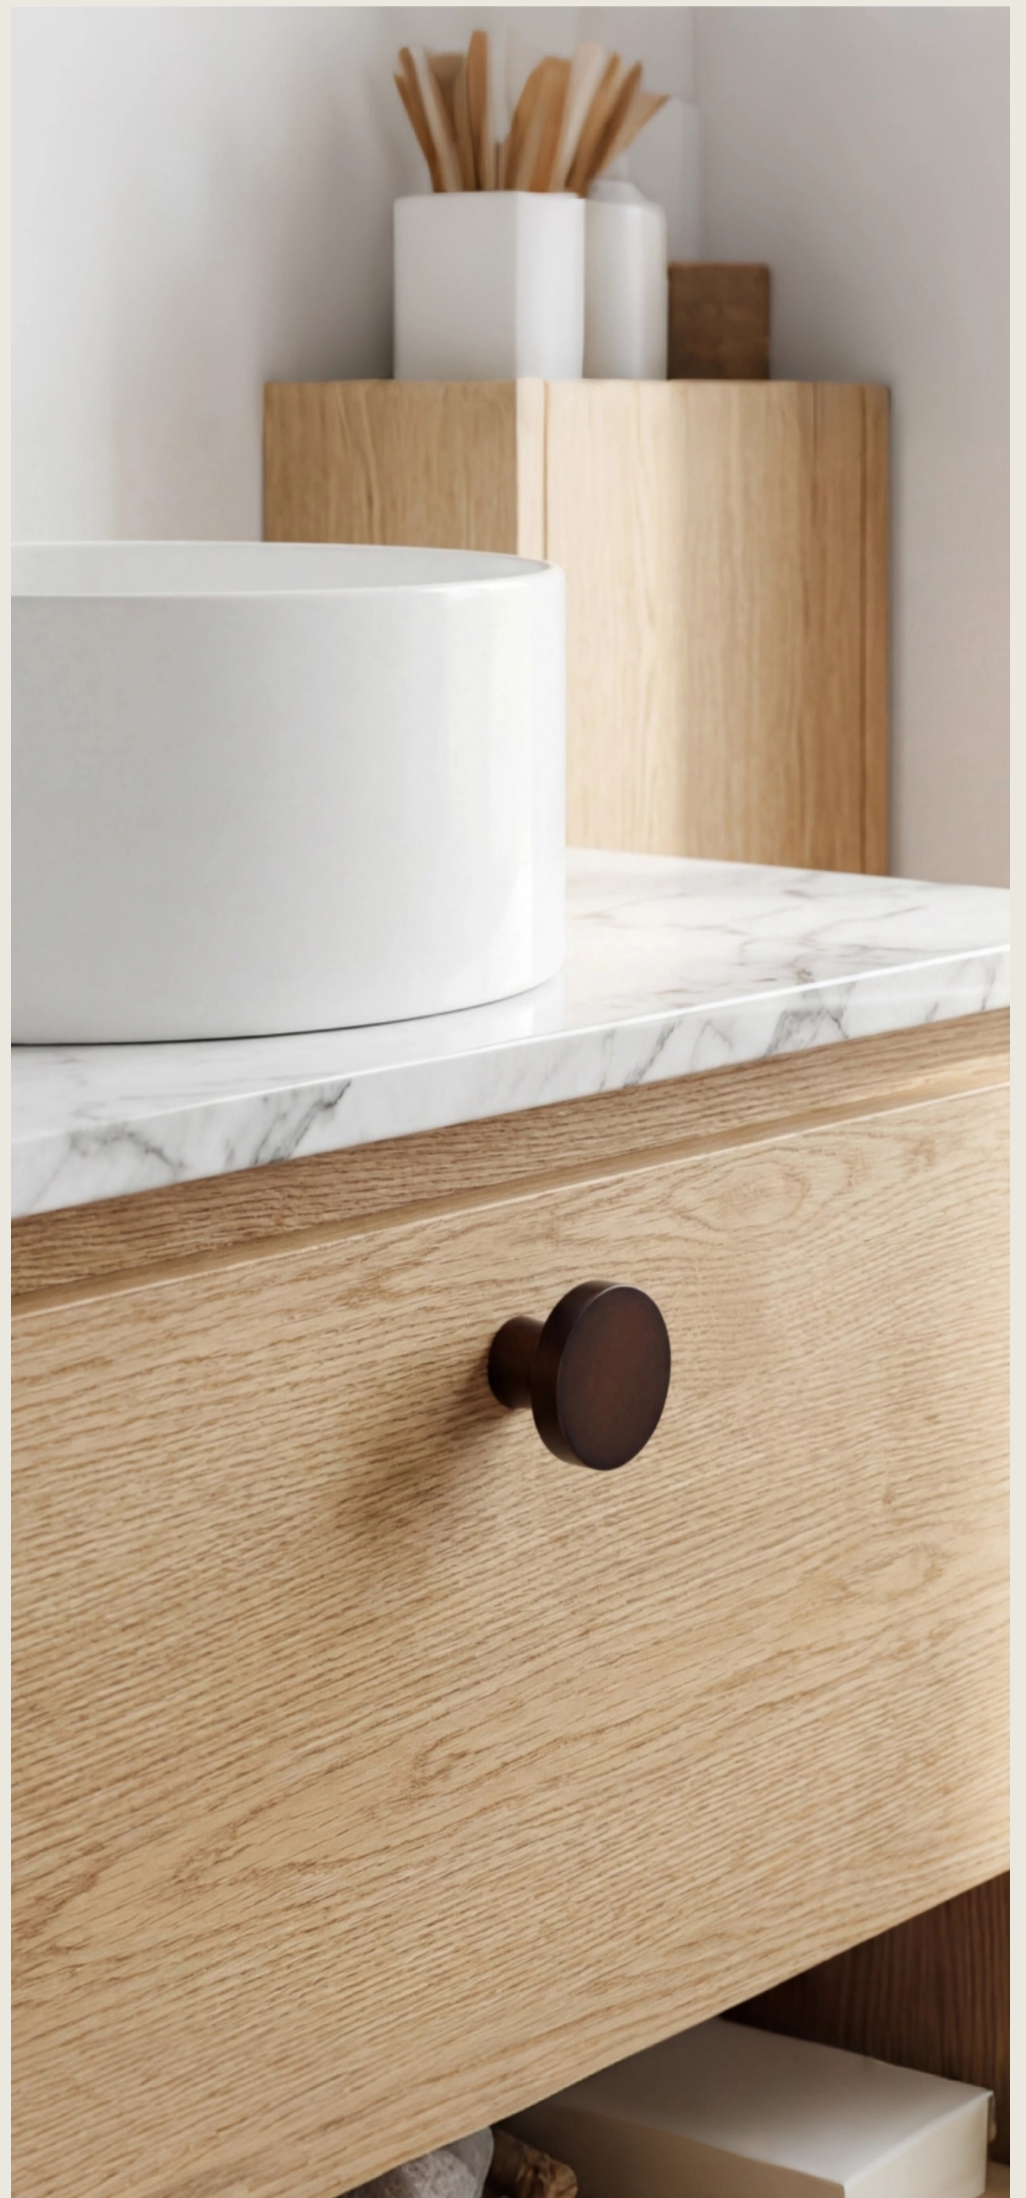

KN01 | Knob Series

Volta

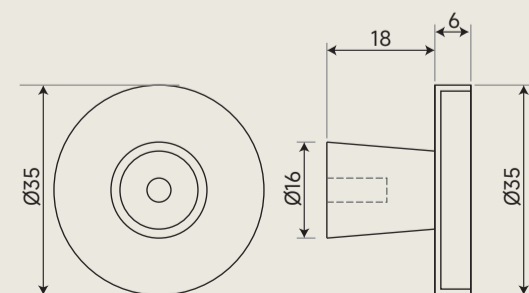

Small in scale. Loaded with tension.

The Volta knob channels sculptural restraint into a single confident form. Its rounded crown and tapered neck create a subtle visual tension – compact, yet commanding presence. At home on cabinetry from the kitchen to the bedroom.

Type	Cabinet Knob
Dimensions	Ø 35mm × H 24mm
Material	Solid Brass
Fixing	M4 threaded stud
Finishes	Brushed Gold Antique Bronze Matte Black

KN02 | Knob Series

Calla

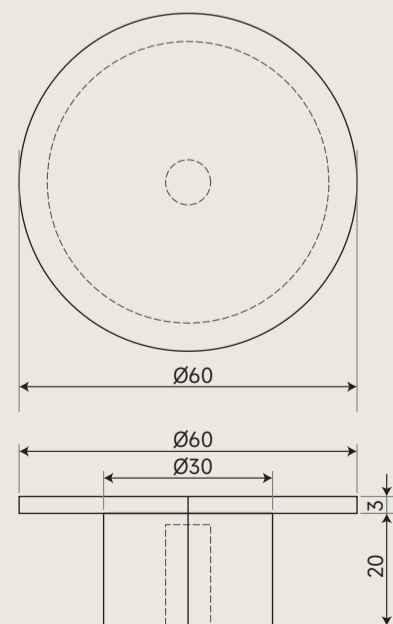

Wide as a bloom. Quiet as stone.

Calla takes its name from the calla lily – broad, graceful, effortlessly composed. Its generous diameter and low-profile form make it ideal for drawers and cabinetry where understated elegance takes priority.

Type	Cabinet Knob
Dimensions	Ø 60mm × H 23mm
Material	Solid Brass
Fixing	M4 threaded stud
Finishes	Brushed Gold Antique Bronze Matte Black

KN03 | Knob Series

Demi

Geometry with character.

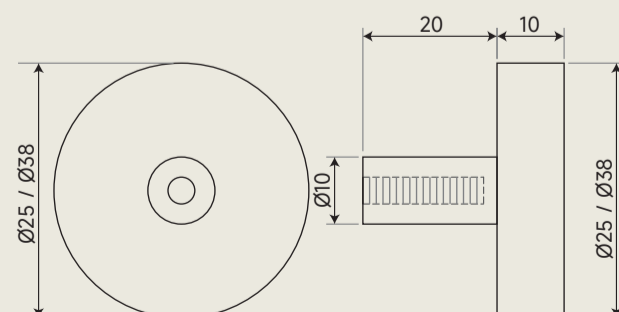

Demi presents a signature double-disc silhouette – two stacked circular forms that create depth, shadow, and a quietly sculptural quality. Where most knobs resolve into a single shape, Demi asks for a second look.

A considered choice for interiors that value detail as much as restraint. Also available in a smaller profile: Demi S (KN03S · Ø 25mm × H 30mm).

Type	Cabinet Knob
Dimensions	Ø 38mm × H 30mm
Also available	Demi S · KN03S · Ø 25mm × H 30mm
Material	Solid Brass
Fixing	M4 threaded stud
Finishes	Brushed Gold Antique Bronze Matte Black

KN04 | Knob Series

Solen

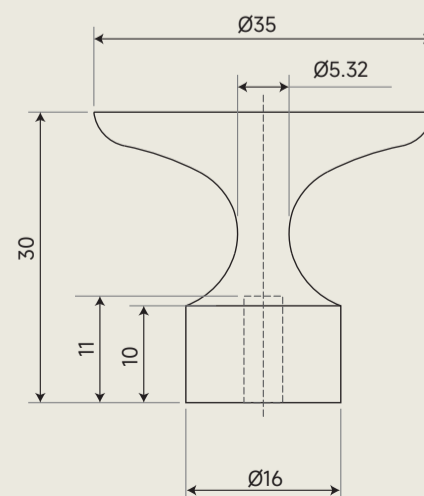

Elevated. Columnar. Calm.

Solen rises from its base like a column — architectural in intent, refined in execution. The elevated pedestal silhouette references classical proportion while remaining entirely contemporary. A knob that commands attention without seeking it.

Type	Cabinet Knob
Dimensions	Ø 35mm × H 30mm
Material	Solid Brass
Fixing	M4 threaded stud · standard thread length
Finishes	Brushed Gold Antique Bronze Matte Black

KN05 | Knob Series

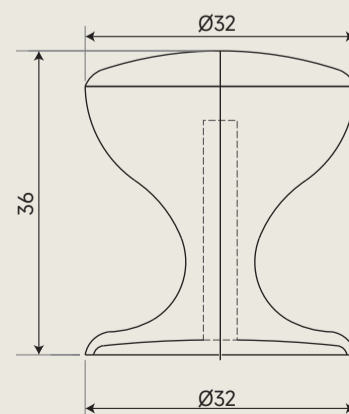

Arlo

Cylinder. Full. Deliberate.

Arlo is a study in cylindrical confidence. Its straight walls and flat crown create a form that is purposeful and precise – equally at home on a kitchen cabinet or a bathroom vanity. Grips cleanly. Looks right from every angle.

Type	Cabinet Knob
Dimensions	Ø 32mm × H 36mm
Material	Solid Brass
Fixing	M4 threaded stud · standard thread length
Finishes	Brushed Gold Antique Bronze Matte Black

KN06 | Knob Series

Palo

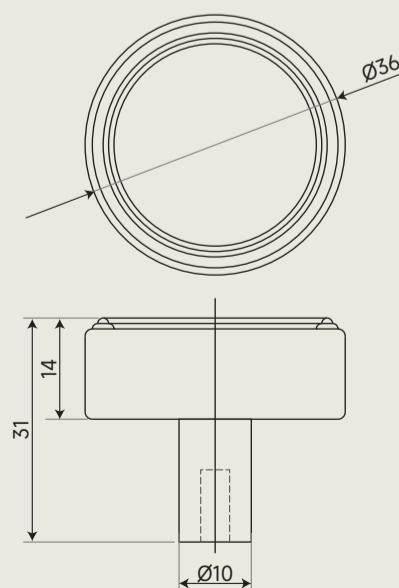

Grounded. Disc-like. Enduring.

Palo sits low and solid — a thick, disc-shaped knob that brings visual weight and physical substance to any surface it touches. Inspired by the quiet confidence of a smooth river stone, Palo is hardware that feels as good as it looks.

Type	Cabinet Knob
Dimensions	Ø 36mm × H 31mm
Material	Solid Brass
Fixing	M4 threaded stud · standard thread length
Finishes	Brushed Gold Antique Bronze Matte Black

Collection 02

Pull Series

The TOTTE Pull Series spans five distinct handle designs, each available across multiple lengths to suit cabinetry of every scale – from compact bathroom drawers to full-height pantry doors. Each pull is conceived as a complete object: something worth noticing, and built to last.

Available in Brushed Gold, Matte Black, and Antique Bronze.

PL01 Cleo · PL02 Kova · PL03 Leva · PL04 Rivo · PL05 Maren

Material

Solid Brass

Fixing

M4/M5 threaded stud · fixings included

Finishes

Brushed Gold | Antique Bronze | Matte Black

Warranty

5-year finish warranty · Lifetime structural warranty

PL01 | Pull Series

Cleo

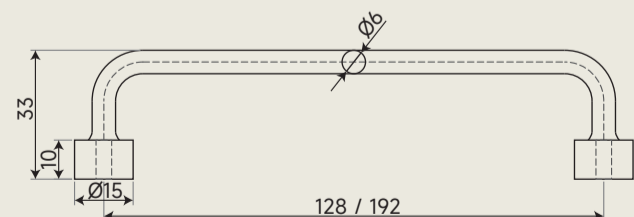

Arched. Classical. Composed.

Cleo draws from the arc – a form that has defined architecture for centuries. Its slender legs lift the bar from the surface, casting a quiet shadow that changes through the day. Classical without being nostalgic. Elegant without effort.

Type	Cabinet Pull Handle
Section	Ø 16mm round rod
PL01 Standard	Centre-to-centre 128mm · Overall 143mm
PL01L Long	Centre-to-centre 192mm · Overall 207mm
Material	Solid Brass
Fixing	M4 bolt-through · fixings included
Finishes	Brushed Gold Antique Bronze Matte Black

PL02 | Pull Series

Kova

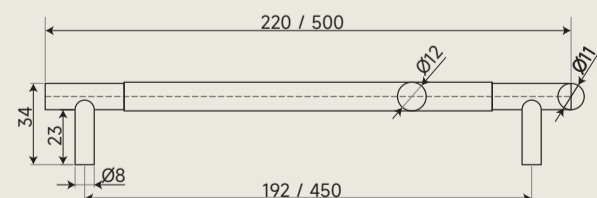

Linear. Textured. Substantial.

Kova presents a straight, textured bar – its knurled surface offering grip and visual depth in equal measure. Where smooth handles recede, Kova steps forward. Honest material, honest form.

Type	Cabinet Pull Handle
Section	Ø 12mm round rod
PL02 Standard	Centre-to-centre 192mm · Overall 220mm
PL02L Long	Centre-to-centre 450mm · Overall 500mm
Material	Solid Brass
Fixing	M4 bolt-through · fixings included
Finishes	Brushed Gold Antique Bronze Matte Black

PL03 | Pull Series

Leva

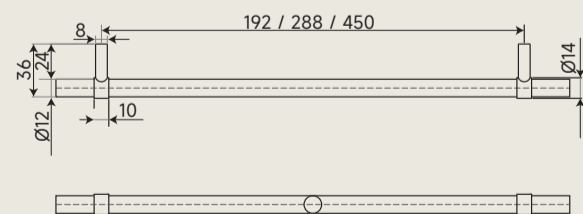

Flexible by design.

Leva is built around adaptability. Its adjustable mounting system accommodates varying door thicknesses and configurations, making it the specifier's choice for projects where flexibility is non-negotiable. Available in three lengths to suit every application.

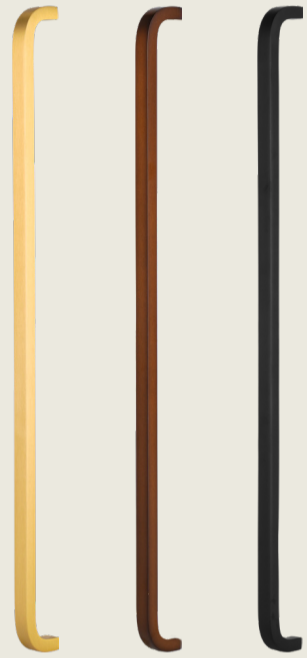

Type	Cabinet Pull Handle · Adjustable Mount
Section	Ø 12mm round rod
PL03 250mm	Centre-to-centre 192mm · Overall 250mm
PL03M 350mm	Centre-to-centre 288mm · Overall 350mm
PL03L 500mm	Centre-to-centre 450mm · Overall 500mm
Material	Solid Brass
Fixing	M4 bolt-through · standard depth · fixings included
Finishes	Brushed Gold Antique Bronze Matte Black

PL04 | Pull Series

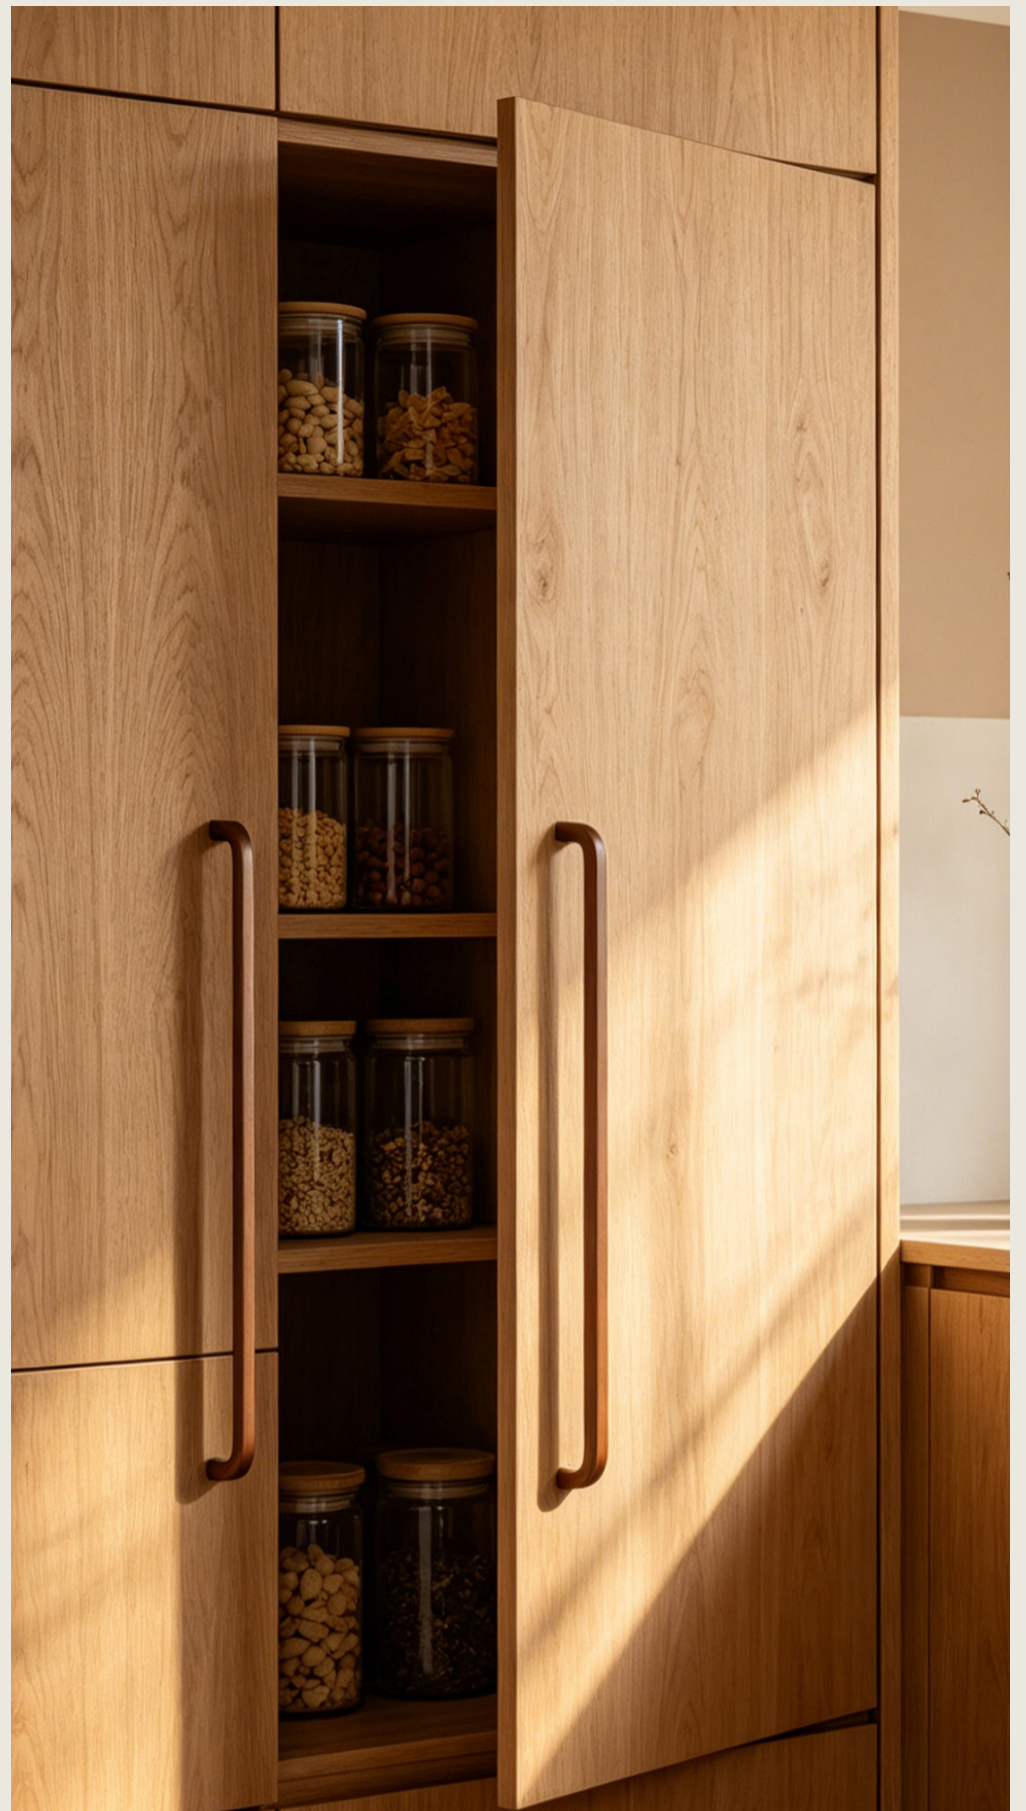

Rivo

Square section. Sharp resolve.

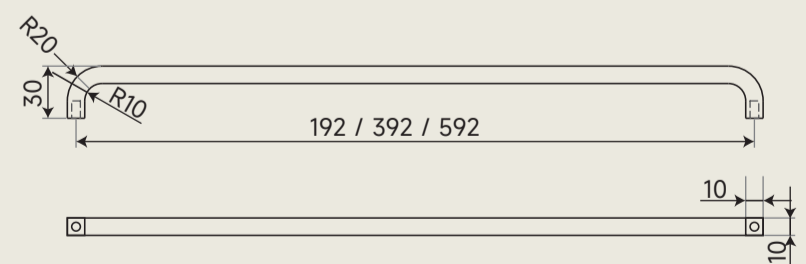

Where most handles are round in section, Rivo is square – a decision that changes everything. Its flat faces catch light differently. Its edges read with precision. Its presence on a door is deliberate and architectural.

Available in three lengths. The 200mm format suits cabinetry drawers; the 400mm and 600mm variants are designed for full-height joinery and integrated door applications.

Type	Cabinet Pull Handle · Square Section
Section	8.5mm × 10.5mm square rod
PL04 200mm	Centre-to-centre 192mm · Overall 200mm
PL04M 400mm	Centre-to-centre 392mm · Overall 400mm
PL04L 600mm	Centre-to-centre 592mm · Overall 600mm
Material	Solid Brass
Fixing	M4/M5 bolt-through · fixings included
Finishes	Brushed Gold Antique Bronze Matte Black

PL05 | Pull Series

Maren

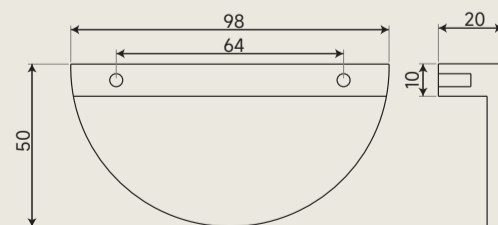

Half arc. Full presence.

Maren takes its form from the bay — a broad, gentle semicircle that sits flush to the surface and invites the hand naturally. Its low profile belies its visual weight. A statement pull for larger cabinetry, appliances, and furniture.

Type	Cabinet Pull Handle · D Profile
Dimensions	H 20mm × D 50mm × Centre-to-centre 64mm · Overall 98mm
Material	Solid Brass
Fixing	M4 bolt-through · fixings included
Finishes	Brushed Gold Antique Bronze Matte Black

Specifications

Care & Maintenance

Wipe with a soft, damp cloth. Avoid abrasive cleaners, solvents, or harsh chemicals at all times.

For Brushed Gold and Antique Bronze finishes: periodic buffing with a dry cloth maintains the surface. Both finishes will develop a natural patina over time – this is a mark of authenticity, not a defect.

For Matte Black: avoid prolonged contact with acidic substances. Clean with a damp cloth only.

Warranty

All TOTTE products carry a 5-year finish warranty and a lifetime structural warranty against defects in materials and workmanship.

Warranty does not cover damage resulting from improper installation, chemical exposure, or failure to follow care guidelines

Trade & Specification

TOTTE Handles works directly with architects, interior designers, and cabinet makers across Australia.

Sample packs are available on request. Custom lengths and finishes available for projects at scale. Lead times and pricing available through our trade programme.

Installation

All fixings are included with each piece.

Installation should be carried out using a hand screwdriver only. Do not use power tools – excessive torque may damage the fixing thread or brass surface.
